COURSE TITLE:	Critical Asset Risk Management/ MGT-315			
OVERVIEW:	<p>“Do you fully understand the risk to your facility?”</p> <p>“Do you know what makes your facility susceptible to risk?”</p> <p>“Are you prepared to mitigate those risks?”</p> <p>This two-day course helps participants to answer these questions by learning critical components of risk management. Through a combination of lecture, facilitated discussion and group activities, participants will learn how threats, vulnerabilities and consequences determine risk, and are given an opportunity to practice the fundamentals of conducting vulnerability assessments - by conducting on-site assessments of select local facilities. Additionally, they will identify potential mitigation measures associated with their findings, and work together to develop and present a risk assessment report.</p> <p>*****</p> <p>There are four infrastructure protection courses being presented through December, 2019. Students successfully completing all four courses* will obtain the “TEEX Infrastructure Protection Certificate”.</p> <p><u>*Four core-courses scheduled:</u></p> <ul style="list-style-type: none"> - AWR-213 / Dec. 3, 2019 - MGT-310 / Dec. 4-5, 2019 - MGT-315 / Dec. 10-11, 2019 - MGT-414 / Dec. 12, 2019 <p>**Each of the above is a separate course and may be taken irrespective of the others; however, for those wishing to obtain the certification, all four will need to be successfully completed - whether on these dates or at some other time in the future.</p>
